1 – The AirPlus Portal: Functionalities & Roles

Program Manager

Portal Administrator

The AirPlus Portal and use of services

The AirPlus Portal is our platform for all information and online services related to our payment products.

For **your lodged products*** within your AirPlus **agreement** you have access to the AirPlus Portal with its many convenient features and benefits.

These **portal roles** are available to you in the AirPlus Portal:

- Program Manager
- Portal Administrator
- Card Administrator
- Electronic Billing User
- Accountant
- Intelligence User

The 'Program Manager' role

- First user in the portal with the most comprehensive rights
- Can create new users in the portal with predefined roles and specific rights

Portal roles for lodged products functionality* (1)

Program Manager

(assigned only once per legal entity)

- Access to all agreements of your entire legal entity
- Access to all portal functionalities and products
- Dashboard view
- View full unmasked card /account numbers
- Access to lists, reports and AirPlus Intelligence
- Approvals
- Assigning rights to third parties and partners

Portal Administrator

Administers portal

- Rights can be limited on the following levels: agreement, product, framework
- User management
- Manage AirPlus accounts
- Dashboard view
- View full unmasked card /account numbers
- Access to lists, reports and AirPlus Intelligence
- Approvals
- Assigning rights to third parties and partners

Card Administrator

Administers cards/Accounts on an operative level

- Rights can be limited on the following levels: agreement, product, framework or account
- Edit account settings
- View transactions
- Enhance DBI on transaction level
- Dispute transactions

For more details on roles and rights, please refer to the Overview Roles & Rights guide in the Portal (under Important Documents).

* Lodged products refer to the AirPlus Company Account, AirPlus Debit Account and AirPlus Travel Trade Account.

Portal roles for lodged products functionality* (2)

Accountant

Administers statements

- Rights can be limited on the following levels: agreement, product, framework or Account
- View and download statements

Electronic Billing User

Administers electronic billing files

- Rights can be limited on the following levels: agreement, product, framework
- Download electronic billing files
- Download statements

Intelligence User

Users of AirPlus Intelligence modules

- Rights may be restricted
- Access to the AirPlus Intelligence Hub
- Access to additional modules (if available)
- Standard: only anonymized data visible in AirPlus Intelligence

For more details on roles and rights, please refer to the Overview Roles & Rights guide in the Portal (under Important Documents).

* Lodged products refer to the AirPlus Company Account, AirPlus Debit Account and AirPlus Travel Trade Account.

User management in the portal

Our guide **User Management in the AirPlus Portal** provides further information.

You can also find it under **Important Documents** in the portal.

Manage existing AirPlus Accounts – 'Order forms & drafts'

If you click on the 'Order forms & drafts', a new page opens:

1. Under **Latest**, you can open and download the order form. You can view all the details and fees.
2. Under **History**, you can review all recorded changes.
3. Here you can also edit or delete your previously saved **drafts**.

The screenshot shows the 'AirPlus Portal' interface. The 'Portal' tab is highlighted in the top navigation bar. Below it, the 'Frameworks' section is active, displaying a table of frameworks. The table has columns for Framework, Framework Number, EDI Partner Number, Product, and status. The first row is highlighted. Annotations are present: a green box labeled '1' points to the 'Framework Orders' link; a green box labeled '2' points to the 'Latest' and 'History' links; and a green box labeled '3' points to the 'Edit' link in the dropdown menu for the first row.

Framework	Framework Number	EDI Partner Number	Product	Framework Orders	Latest	History	Status	Actions

Manage existing AirPlus Accounts – Edit (1)

Program Program Managers, Portal Administrators and Card Administrators can **change the settings** of an AirPlus Account in the **Cards** tab by selecting the **Edit** function.

- You can edit the:
 - Descriptive name
 - DBI (name, length, etc.)
 - Layout of statement incl. a preview
 - Invoicing day and address
 - Bank account
 - Limit
- Your AirPlus Electronic Billing configuration is defined on framework level.
Please refer to page 27.

The screenshot shows the AirPlus Portal interface. The top navigation bar includes the AirPlus logo, a 'Portal' label, and various icons for help, copy, language (EN), notifications, and user profile (Tom Travelmanager). The main navigation menu has tabs for Cards, Transactions, Statements, Electronic Billing, User Management, Frameworks, Disputes, and Reports. The 'Cards' tab is selected and highlighted with a green box.

Below the navigation, the 'Cards' section has three sub-tabs: Corporate Cards, Virtual Cards, and Lodged Products. The 'Lodged Products' tab is active.

The main content area displays the 'Marketing Division - CA' framework details. On the left, a list of frameworks is shown, with 'Marketing Division - CA' selected and highlighted with a green box. The right side shows the details for this framework, including a search bar, a table of products, and a 'Create New Card / Account' button.

Descriptive Name Card / Account No.	Framework Name Framework Number	Status	Available / Limit	
▶ Marketing - Communications 1220 33xxx xx5159	Marketing Division - CA 130000005322	Active	51977.24 53000.00 EUR Available Limit	 
▶ Marketing - Product Management 1220 33xxx xx4996	Marketing Division - CA 130000005322	Active	49334.00 50000.00 EUR Available Limit	 

At the bottom right, there is a 'Payment instrument termination' link.

Manage existing AirPlus Accounts – Edit (2)

The **Edit** functionality differs according to the configuration on card and framework level.

The table on the right shows you which items can be edited on the card level.

Manage existing AirPlus Accounts – Order (1)

- Program Managers, Portal Administrators and Card Administrators can order new AirPlus Accounts in the Cards tab with the function **Create New Card / Account**.
- During the ordering process, you can configure:
- Select the product and the framework
 - Descriptive name
 - DBI (name, length, etc.)
 - Layout of statement
 - Invoicing day and address
 - Invoicing currency (if applicable)
 - Bank account
 - Limit

The screenshot displays the AirPlus Portal interface. At the top, the 'AirPlus Portal' header includes navigation links: Cards (highlighted with a green box), Transactions, Statements, Electronic Billing, User Management, Frameworks, Disputes, and Reports. The user profile 'Tom Travelmanager' is visible in the top right corner.

The main content area is titled 'Cards' and features three tabs: 'Corporate Cards', 'Virtual Cards', and 'Lodged Products'. The 'Lodged Products' tab is active.

On the left, the 'Framework' section lists three options: 'Finance Division - CA', 'Sales Division - CA', and 'Marketing Division - CA' (selected). Each framework entry includes a search bar, framework number, and status.

The right panel shows details for the 'Marketing Division - CA' framework. It includes a search bar for users or payment instrument numbers, an 'EDI Partner Number' dropdown, and a table of available products. A 'Create New Card / Account' button (highlighted with a green box) is located in the top right corner of this panel. Below the table, there is a 'Payment instrument termination' link.

Descriptive Name Card / Account No.	Framework Name Framework Number	Status	Available / Limit

Manage existing AirPlus Accounts – Blocking

Program Managers, Portal Administrators and Card Administrators can **temporarily block** an AirPlus Account in the **Cards** tab

A card can be locked (temporarily blocked) with the lock icon.*

Locking only takes a few minutes and can be reversed anytime.

No authorizations or transactions can be made with a blocked card / account.

* Once a card/account has been blocked, no further authorizations/transactions are possible.

The screenshot shows the AirPlus Portal interface. The top navigation bar includes the AirPlus logo, a 'Portal' label, and various icons for user management, language (EN), notifications, and a user profile for 'Tom Travelmanager'. The main navigation menu is visible, with the 'Cards' tab highlighted in green. Below the navigation bar, the 'Cards' section is displayed, featuring tabs for 'Corporate Cards', 'Virtual Cards', and 'Lodged Products'. The 'Lodged Products' tab is active, showing a list of accounts. On the left, a 'Framework' sidebar lists three divisions: Finance Division - CA, Sales Division - CA, and Marketing Division - CA. The 'Marketing Division - CA' is selected and expanded, showing its details: Framework No. 130000005322, Active status, and AirPlus Company Account. The main content area displays a table of accounts for the Marketing Division - CA. The table has columns for Descriptive Name, Framework Name, Status, and Available / Limit. Two accounts are listed: 'Marketing - Communications' and 'Marketing - Product Management'. Both accounts are active and have a limit of 50,000.00 EUR. The 'Marketing - Communications' account is highlighted, and its lock icon is circled in green. A 'Create New Card / Account' button is visible in the top right corner of the table area. A 'Payment instrument termination' link is at the bottom right.

Descriptive Name Card / Account No.	Framework Name Framework Number	Status	Available / Limit
▶ Marketing - Communications 1220 33xxx xx5159	Marketing Division - CA 130000005322	Active	51977.24 53000.00 EUR Available Limit
▶ Marketing - Product Management 1220 33xxx xx4996	Marketing Division - CA 130000005322	Active	49334.00 50000.00 EUR Available Limit

* After locking a card / account, no further authorizations or transactions are possible.

Manage existing AirPlus Accounts – Terminate (1)

- Administrative users can initiate the termination of one or more AirPlus Accounts in the **Cards** tab with the **Payment instrument termination** function.
- There are two options to terminate a card /Account:
 - Earliest possible date in **30 days** (ordinary)
 - Earliest possible date in **<30 days** (extraordinary)*

The screenshot displays the AirPlus Portal interface. At the top, the 'AirPlus Portal' header includes navigation links: Home, Cards (highlighted with a green box), Transactions, Statements, Electronic Billing, User Management, Frameworks, Disputes, and Reports. The user profile 'Tom Travelmanager' is visible in the top right corner.

The 'Cards' section is active, showing three tabs: 'Corporate Cards', 'Virtual Cards', and 'Lodged Products'. Below these, the 'Framework' section lists three active accounts:

- Finance Division - CA (Framework No. 130000005445)
- Sales Division - CA (Framework No. 130000005325)
- Marketing Division - CA (Framework No. 130000005322) - This account is selected and highlighted with a green box.

The 'Marketing Division - CA' account details are shown on the right. It includes a search bar for the user or payment instrument number, a dropdown for the EDI Partner Number, and a table of active cards/accounts:

Descriptive Name Card / Account No.	Framework Name Framework Number	Status	Available / Limit
Marketing - Communications 1220 33xxx xx5159	Marketing Division - CA 130000005322	Active	51977.24 / 53000.00 EUR Available Limit
Marketing - Product Management 1220 33xxx xx4996	Marketing Division - CA 130000005322	Active	49334.00 / 50000.00 EUR Available Limit

At the bottom right, a green box highlights the 'Payment instrument termination' link, which is preceded by a circled number '1'.

Manage existing AirPlus Accounts – Terminate (2)

Select the corresponding cards / accounts you wish to terminate within the next twelve months.

If a terminated card / account is still active, the user can view the cancellation date. Terminated cards are shown in red.

Click on **Next**.

Please note:

- Card termination cannot be reversed.
- Cards (up to 30 per process) can be ordinarily terminated at least 30 days and up to twelve months in advance.
- Extraordinary terminations can be requested in less than 30 days but require a reason (free text field).

Manage AirPlus frameworks - Edit

- Program Managers and Portal Administrators can change the settings of a framework in the **Frameworks** tab by selecting the **Edit** function.
- You can edit your:
 - Descriptive name
 - DBI (name, length etc.)
 - Layout of statement
 - Invoicing day and address
 - Electronic billing configuration

 Please note:

Changing the framework limit will require a verification by AirPlus. In this case, the framework will be displayed as 'in process'. During the approval process, you cannot create new cards for this framework.

Manage AirPlus frameworks – Order (1)

Program Managers and Portal Administrators can order a new framework in the **Frameworks** tab by selecting the **Create Framework** button.

- In the first step select the desired product.
- Your products with all configuration details are shown in the list.

Manage AirPlus frameworks – Terminate

Program Managers and Portal Administrators can **terminate** frameworks in the **Frameworks** tab with the function **Cancel a Framework**.

Framework terminations have a notice period of **30 days**. Frameworks are irretrievably deleted then.

All payment solutions under the terminated framework are deleted on the termination date.

Please ensure to inform your partners.

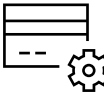

The screenshot shows the AirPlus Portal interface. The top navigation bar includes the AirPlus logo, a 'Portal' label, and various utility icons. The main navigation menu has tabs for Cards, Transactions, Statements, Electronic Billing, User Management, **Frameworks** (highlighted with a green box), Disputes, and Reports. The Frameworks section has a '+ Create Framework' button and a search bar. Below the search bar is a table of frameworks with columns: Framework, Framework Number, EDI Partner Number, Product, Framework Orders, and Status. The table lists several frameworks, including 'Finance Division - CA', 'Sales Division - CA', 'Marketing Division - CA', 'Sales Division - CoCa T3', and 'Procurement Division - CoCa T1'. A green box highlights the 'Cancel a Framework' option in the dropdown menu for the 'Sales Division - CA' framework. A confirmation dialog is open, displaying a red warning icon and the text: 'YOU ARE ABOUT TO CANCEL THIS FRAMEWORK. THIS ACTION CANNOT BE REVERSED!'. The dialog also shows the framework details and a 30-day cancellation period. At the bottom of the dialog are two buttons: 'Keep Framework' and 'Permanently Cancel Framework'.

Framework	Framework Number	EDI Partner Number	Product	Framework Orders	Status
Finance Division - CA	130000005445		AirPlus Company Account	Latest History	Active

Transactions – View and download

- You can view transactions (on framework or card level) in the Transactions tab.
- All recent and past transactions are shown here.
- Click the arrow to view additional details.

The screenshot displays the 'Transactions' section of the AirPlus portal. At the top, there are three tabs: 'Corporate Cards', 'Virtual Cards', and 'Lodged Products' (highlighted with a green box). Below these, a sidebar on the left lists various accounts, including 'Sales - CA - Card 1', 'Finance Department - CA', 'Finance Division - CA - reg', 'Marketing - Communications' (selected and highlighted with a green box), and 'Marketing - Product Management'. The main content area shows the 'Marketing - Communications' details, including a 98% completion status, available limit of 51,977.24 EUR, and a limit of 53,000.00 EUR. A 'TRANSACTIONS FOR REVIEW' section shows 1 transaction. Below this, a table lists transactions with columns for Traveller Name, Merchant Name, Transaction Type, Service Description, Exchange Rate, and Settled Amount. The first transaction is for 'Test/Flight Mrs' on 22 August 2025, with a settled amount of 13.00 GBP. A dropdown arrow next to the transaction is highlighted with a green box. Below the table, there is a section for 'Vat Amount', 'Invoice Amount', 'Posting Date', 'Statement Number', 'Statement Currency', 'Invoice Date', and 'DBI Items'.

5 – Enhance transactions with DBI

Program Manager

Portal Administrator

Card Administrator

Enhance transactions with DBI

Program Managers, Portal Administrators and Card Administrators can add missing Descriptive Billing Information (DBI) to transactions. You can access this functionality under the tab **Transactions**:

1. Choose a **product**
2. Go to submenu **Cards/Accounts**
3. Go to submenu **Transactions**
4. **Box Transactions for Review**
If any mandatory DBI fields are missing, you can add them here.

The screenshot displays the AirPlus portal interface. On the left, a sidebar lists various products under the 'Transactions' tab. The 'Marketing - Communications' product is selected. The main area shows details for this product, including a 98% completion rate and a limit of 53,000.00 EUR. A box labeled 'TRANSACTIONS FOR REVIEW' contains one transaction, with an 'Enhance Transactions' button. Below this, a table lists transactions for 22 August 2025. The first transaction is for 'Test/Flight Mrs' with a settled amount of 13.00 GBP. The second transaction is for 'Test/Flight Mrs' with a settled amount of 12.00 GBP. The interface includes search bars for cards/accounts, traveller/merchant names, and date ranges, as well as a 'Start Dispute' button.

Traveller Name	Merchant Name	Transaction Type	Service Description	Exchange Rate	Settled Amount Sale Amount

9 – Reports: lists of cards / accounts and frameworks

Program Manager

Portal Administrator

Reports:

Card / Account lists

If you would like to download an overview of your AirPlus accounts, you can do this using the **Card/Account lists** function in the **Reports** tab.

1. First select the product category “Lodged Products”.
2. You can choose between the agreement and framework level.
3. Select whether the list should contain unmasked (requires a TAN) or masked numbers.
4. Select whether the file should be provided as an Excel or CSV file.
5. Now select the information you require.
6. Start the report by clicking on **Generate Report**.

You will be notified as soon as the file has been created and can then download it at the top of the page.

The screenshot shows the AirPlus Portal interface. The top navigation bar includes 'AirPlus Portal' and various menu items like 'Cards', 'Transactions', 'Statements', 'Electronic Billing', 'User Management', 'Frameworks', 'Disputes', and 'Reports' (highlighted with a green box). The 'Reports' section is active, showing a list of reports under the 'Lodged Products' category (highlighted with a green box and callout 1). The list includes 'Demo Company ONE', 'Demo Company TWO', 'Test Company TTA_IT', and 'Travel Company'. A search bar is present above the list. To the right of the list, there are options to select the card/account number display option (Anonymized or Visible) and the file format type (Excel Workbook or CSV Workbook - Semicolon delimiter) (highlighted with green boxes and callouts 3 and 4). Below these, there are checkboxes to select details to be included in the report: 'Select all', 'Agreement Details', 'Product Details', 'Framework Details', 'Card / Account Details' (checked), 'Additional Benefits', 'DBI-Set Up', and 'Invoicing Details'. There are also options to show cards/accounts: 'All' (selected), 'Active only', 'Temporarily blocked only', and 'Blocked only'. At the bottom right, there is a 'Generate Report' button (highlighted with a green box and callout 6).

Reports: Framework lists

If you would like to download an **overview of your AirPlus frameworks**, you can do this using **the framework lists** function in the **Reports** tab.

1. First select the product category “Lodged Products”.
2. Select an agreement.
3. Select whether the file should be provided as an Excel or CSV file.
4. Now select the information you require.
5. Start the report by clicking on **Generate Report**

You will be notified as soon as the file has been created and can then download it at the top of the page.

The screenshot shows the AirPlus Portal interface. The top navigation bar includes 'AirPlus Portal' and various menu items like 'Cards', 'Transactions', 'Statements', 'Electronic Billing', 'User Management', 'Frameworks', 'Disputes', and 'Reports' (highlighted with a green box). The 'Reports' section is active, showing a 'Type of Report' dropdown set to 'Framework List' (highlighted with a green box). Below this, there are tabs for 'Corporate Cards', 'Virtual', and 'Lodged Products' (highlighted with a green box and labeled '1'). A list of agreements is displayed, with the first one, 'Demo Company ONE' (Agreement No. 2000024053), selected (highlighted with a green box and labeled '2'). To the right, a panel for 'File format type' shows 'Excel Workbook' selected (highlighted with a green box and labeled '3'). Below this, a panel for 'Select details to be included in the report' shows 'Framework Details' selected (highlighted with a green box and labeled '3'). At the bottom right, a 'Generate Report' button is highlighted with a green box and labeled '5'.
