1. User management via roles

The AirPlus Portal and the usage of services

The AirPlus Portal is our platform that provides all information and online services related to our payment products.

As our customer through the AirPlus Agreement including your products*, you have access to the AirPlus Portal and its many convenient features and benefits.

The administrative roles available to you are:

- Program Manager
- Portal Administrator
- Card Administrator
- Electronic Billing User
- Accountant
- Intelligence User

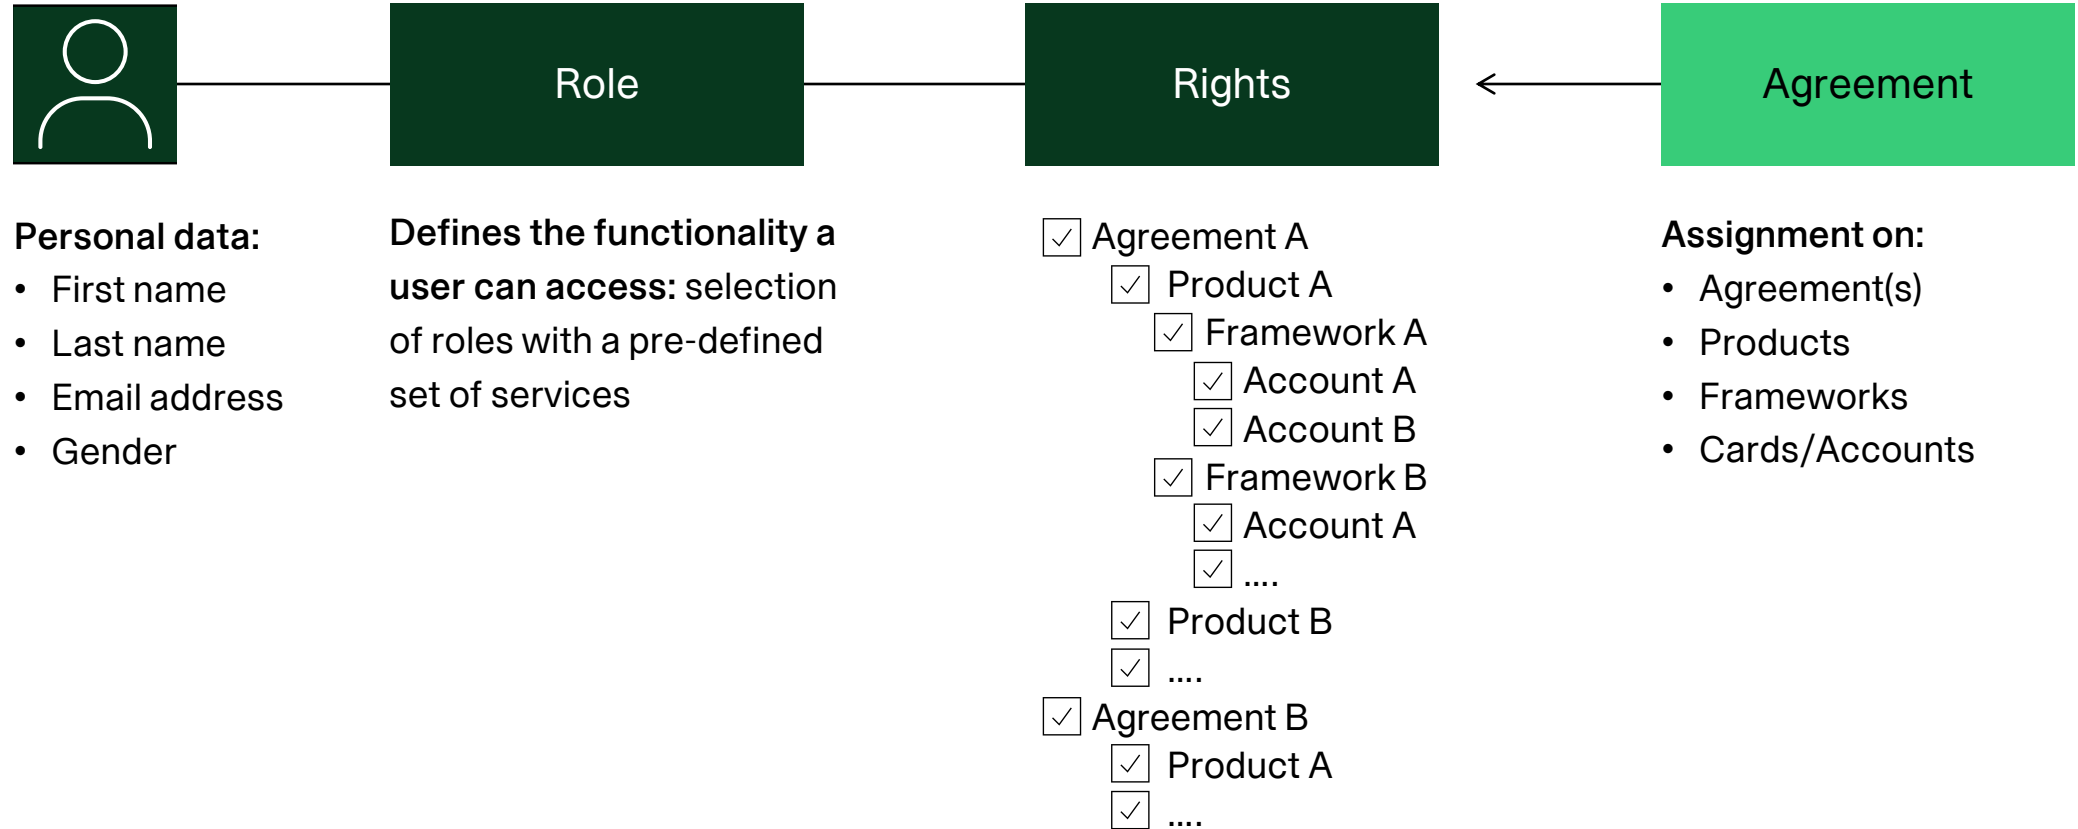

Furthermore, we have two roles for cardholders:

- Card User (Corporate Cards): cardholder of an AirPlus Corporate Card or AirPlus Office Card
- Card User (Virtual Cards): user with the right to create virtual cards for the own usage (incl. a budget and time frame)

* AirPlus Products: Lodged Products, Virtual Cards, Corporate Cards. Restricted roles for AirPlus Merchant Agreement, see <https://www.airplus.com/media/pdf/airplus-portal/overview-roles-and-rights-for-merchants-en.pdf>

The user-role-right assignment

Create a new user

Administrative Portal roles for corporates

Program Manager (once per legal entity)

- Access to all agreements of your entire legal entity, option to add further products
- Access to all portal functionalities and products
- Dashboard view
- View full card/ Account number
- Access to lists, reports and AirPlus Intelligence
- Approvals
- Assign rights to third-parties

Portal Administrator Administrates Portal

- Assigned on an agreement, product or framework level
- User management
- Framework management
- Dashboard view
- View full card/ Account number
- Access to lists, reports and AirPlus Intelligence
- Approvals
- Assign rights to third-parties

Card Administrator Administrates cards/ Accounts on an operative level

- Rights can be limited on agreement, product, framework or Account level
- Create Cards/Accounts
- Edit card / Account settings
- View transactions
- Enhance transactions with DBI
- Raise disputes o transaction level

Accountant Administers statements

- Rights can be limited on agreement, product, framework or Account level
- View and download statements and further finance-relevant documents
- View authorizations and transactions
- Dispute transactions

Electronic Billing User Administers Electronic Billing

- Rights can be limited on agreement, product or framework level
- Download Electronic Billing files
- Download statements and further finance-relevant documents

Further Portal roles for corporates

Intelligence User

Access to AirPlus Intelligence Hub and Premium moduls (if applicable)

- Rights can be limited to a partial view, also on Account level
- Rights can be transferred to other business partners
- Standard: only anonymized data visible in AirPlus Intelligence.

Card User (Virtual Cards)

Card creation for own use

- Create virtual cards for own use within a given budget and time frame
- View own virtual cards
- View authorizations and transactions
- Download virtual card PDFs
- Create 3D Secure profiles
- Define card settings: DBI and validity period
- Dispute transactions
- Blocking cards

Card User (Corporate Cards)

Card holder of a Corporate Card or Office Card

- View authorizations and transactions
- View and downloading statements
- Dispute transactions
- View payments
- View and change PIN
- View total and available limit
- Define security and card settings for card usage (e. g. restrict online payments, restrict countries, Descriptive Billing Information (DBI))
- Edit personal details (e. g. private Address, Bank Account, 3DS-Profile)
- Temporarily/permanently block cards, order replacement cards and terminate cards (depending on card type)

Portal roles for partners working on behalf of a corporate

‘working on behalf of a corporate’

Program Manager (Travel Agency)

- Access to all Virtual Cards functionalities (Virtual cards framework number handed over by the corporate)
- Create and manage the travel agency roles

Portal Administrator (Travel Agency)

Administrates Portal

- User management
- Generate virtual cards
- View virtual cards created in the travel agency
- Block virtual cards
- View authorizations and transactions of Virtual Cards
- Define security settings for virtual card usage

Card Administrator (Travel Agency)

Administrates cards on an operative level

- Generate and view virtual cards
- Block virtual cards
- View authorizations and transactions
- Define security settings for virtual card usage

Intelligence User

Access to the AirPlus Intelligence Hub and, if applicable, to additional premium modules

- Rights may be restricted in part, including at account level

As a corporate customer, you can assign tasks and permissions to third-parties.
[See chapter 8 for more information](#)

2 Overview of Portal users

Note: The User Management section is simplified for the 'Program Manager (Travel Agency)' and 'Portal Administrator (Travel Agency)' roles (see chapter 3).

[↑ Back to the table of contents](#)

Getting started with user management

As a Program Manager or Portal Administrator, you can view your existing users under the **User Management** tab.

The screenshot displays the AirPlus Portal interface. The top navigation bar includes the AirPlus logo, the word 'Portal', and a search icon. The main navigation menu features tabs for Cards, Transactions, Statements, Electronic Billing, **User Management** (highlighted with a green box), Frameworks, Disputes, and Reports. The right side of the header shows the user profile for 'Tom Travelmanager' (Demo Company ONE, Program Manager) with a dropdown arrow and a power icon.

The left sidebar contains the following sections:

- Agreement**: Demo Company ONE (2000024053) with a 15% progress indicator. Available: 298,586.90 EUR, Limit: 2,000,000.00 EUR. A 'Change Agreement' button is present.
- Products**: Demo Company ONE
 - > AirPlus Lodged Products
 - > AirPlus Corporate Cards
 - > AirPlus Virtual Cards

The main content area is divided into three sections:

- Frameworks**: AirPlus Lodged Products. A search bar is available. A table lists one framework: Finance Division - CA / 130000005445, Card Type: AirPlus Company Account, Status: Active. A 'Create New Card / Account' button is in the top right. Below the table, it says '1 of 3 Frameworks'.
- Cards / Accounts**: Finance Division - CA. A dropdown menu shows 'Status: All' and an 'Expiry Date' field with a calendar icon. Below this, a detailed view of a card/account is shown for 'Finance Division - CA' with Card / Account Number 1220 33xxx xx8244. It includes an expiry date of 09/29, status 'Active', and a payment term 'Net due in 10 days'. A progress indicator shows 96% completion. Available balance is 19,258.53 USD and the limit is 20,002.00 USD. Below this view, it says '1 of 2 Numbers' and a 'View all' button.

Overview of existing Portal users*

1. Under **User Management**, you will find an overview of:

- Contract assignment
- Name
- Email address
- Status
- Creation date & Creator

2. You can use the small arrow ► to expand the view and display the roles and rights assignment.

3. Under the menu icon ⋮ you find the functionality

- Deactivate
- Create new card
- Assign role to user
- Copy roles & rights

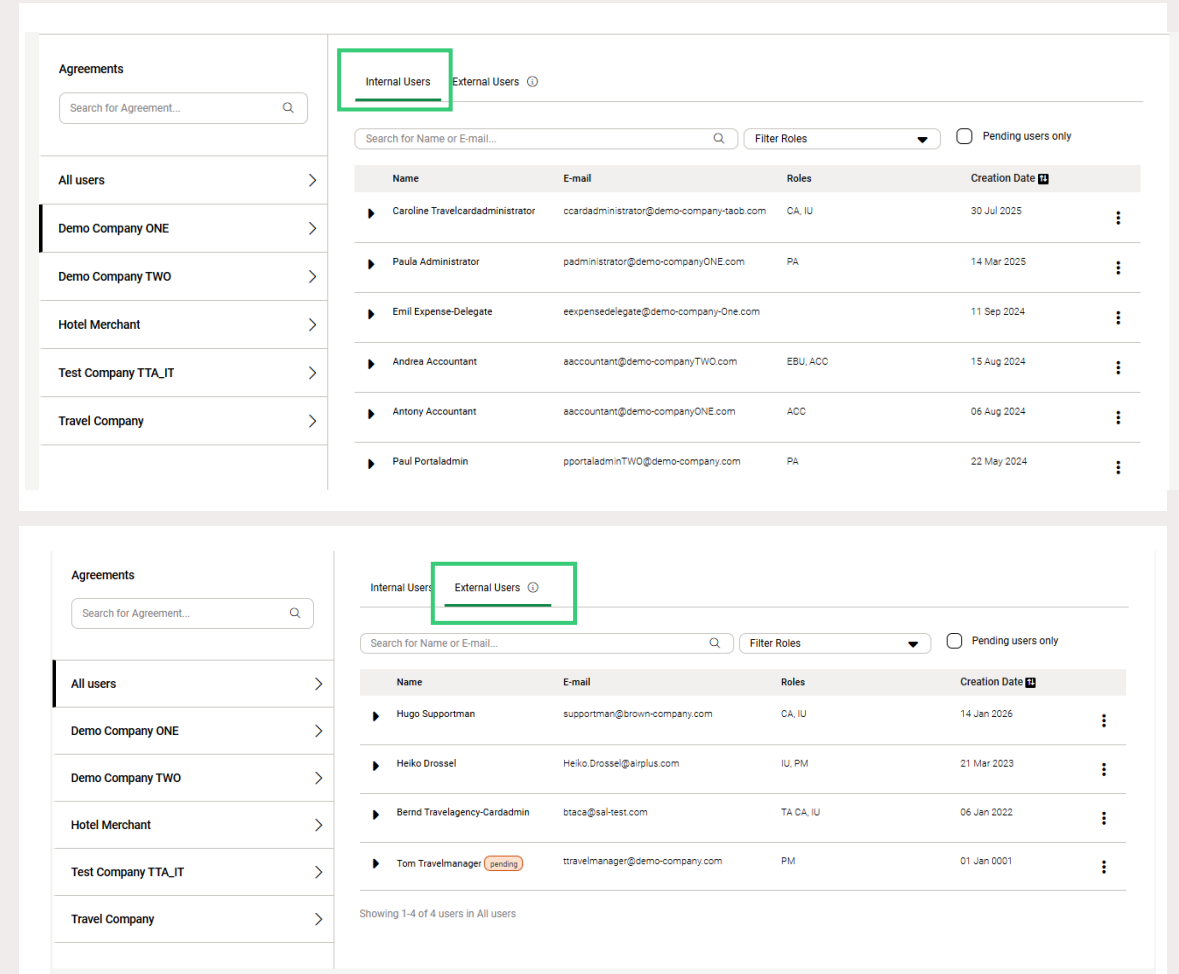

The screenshot shows the AirPlus Portal interface. The top navigation bar includes 'AirPlus Portal' and various menu items. 'User Management' is highlighted with a green box and a green '1'. Below the navigation bar, the 'User Management' section is visible. On the left, there is a sidebar with 'Agreements' and a list of companies. 'Demo Company ONE' is selected and expanded, indicated by a green box and a green '2'. The main area displays a table of users. The first user, 'Caroline Travelcardadministrator', is highlighted. A dropdown menu is open for this user, showing options: 'Deactivate', 'Create New Card', 'Assign Role to User', and 'Copy roles & rights'. This menu is highlighted with a green box and a green '3'.

Name	E-mail	Roles	Creation Date

▶ Paula Administrator padministrator@demo-companyONE.com PA, IU 14 Mar 2025			

Overview of existing Portal users

Two views*

- In the **Internal Users** view, you can see which users have been created under the agreement selected in the left-hand pane.
- In the **External Users** view, you can see which users who do not belong to your company have been assigned authorization for the agreement selected in the left-hand pane.
- In both areas, you can **search** for specific users, **filter** by role and **perform functions** at user or authorization level using the  icon.

The top screenshot displays the 'Internal Users' view. The left-hand pane shows a list of agreements: 'All users', 'Demo Company ONE', 'Demo Company TWO', 'Hotel Merchant', 'Test Company TTA_IT', and 'Travel Company'. The main table lists internal users with columns for Name, E-mail, Roles, and Creation Date. A green box highlights the 'Internal Users' tab in the top navigation bar.

Name	E-mail	Roles	Creation Date
Caroline Travelcardadministrator	ccardadministrator@demo-company-tacb.com	CA, IU	30 Jul 2025
Paula Administrator	padministrator@demo-companyONE.com	PA	14 Mar 2025
Emil Expense-Delegate	eeexpensedelegate@demo-company-One.com		11 Sep 2024
Andrea Accountant	aaccountant@demo-companyTWO.com	EBU, ACC	15 Aug 2024
Antony Accountant	aaccountant@demo-companyONE.com	ACC	06 Aug 2024
Paul Portaladmin	pportaladminTWO@demo-company.com	PA	22 May 2024

The bottom screenshot displays the 'External Users' view. The left-hand pane is identical to the top screenshot. The main table lists external users with columns for Name, E-mail, Roles, and Creation Date. A green box highlights the 'External Users' tab in the top navigation bar.

Name	E-mail	Roles	Creation Date
Hugo Supportman	supportman@brown-company.com	CA, IU	14 Jan 2026
Heiko Drossel	Heiko.Drossel@airplus.com	IU, PM	21 Mar 2023
Bernd Travelagency-Cardadmin	btaca@sal-test.com	TA CA, IU	06 Jan 2022
Tom Travelmanager	ttravelmanager@demo-company.com	PM	01 Jan 0001

Both screenshots include a search bar at the top of the main table and a 'Filter Roles' dropdown menu. The bottom screenshot also shows a 'Pending users only' checkbox and a status indicator 'Showing 1-4 of 4 users in All users'.

Overview of existing Portal users

View of assigned cards/accounts

- In both the **Internal Users** and **External Users** views, you can use the detailed view (icon ) to see when the user was created, by whom and which role they have with which authorizations.
- In the **Internal Users** view, you can see which individual cards/accounts are assigned to a user in the authorization via the icon 
- You can also delete an authorization here by clicking on the trash can icon

3 User management for travel agencies on behalf of a corporate client

User management view for travel agencies working on behalf of a company

Program Managers (Travel Agency) and Portal Administrators (Travel Agency) see a simplified view of the user management section:

- No agreement selection
- No 'External Users' tab

If you are undertaking tasks for a company, please create your travel agency user account beforehand. Only then can a company assign you as an external partner.

The screenshot shows the 'AirPlus Portal' interface. The top navigation bar includes the 'AirPlus' logo, a 'Portal' label, and user information for 'Apollo Wong' (STEAM-12960 DE 1, Travel Agency Program Manager). Below the navigation bar, there are tabs for 'Cards', 'User Management' (which is active), and 'Data Quality System'. The 'User Management' section features a 'New User / New Assignment' button and a search bar labeled 'Search for Name or E-mail...'. A 'Filter Roles' dropdown and a 'Pending users only' checkbox are also present. The main content area displays a table with the following data:

Name	E-mail	Roles	Creation Date
TACA TEST	TACATEST@EST.COM	TA CA, IU	24 Jul 2025
Apollo Wong	ApolloWong@test.de	TA PM, PM, UM	23 Jul 2025

At the bottom, it indicates 'Showing 11-12 of 12 users' with pagination controls showing page 1 of 2.

*

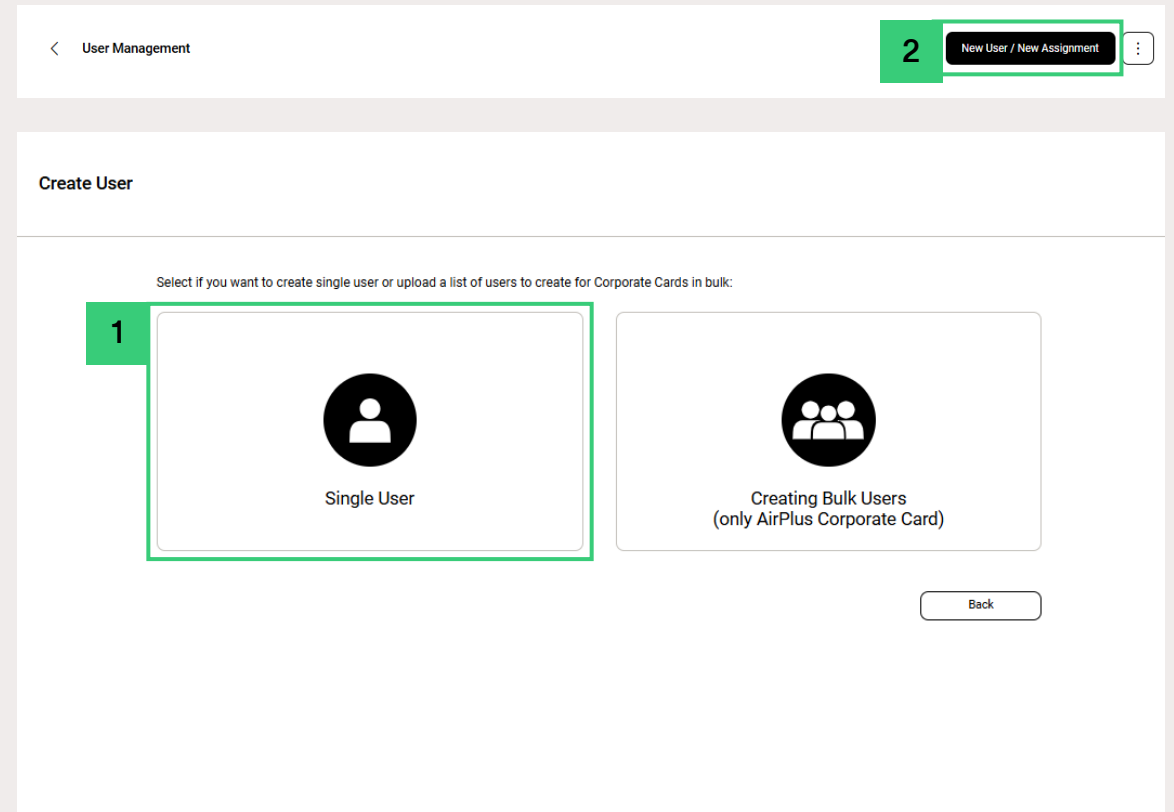

[↑ Back to the table of contents](#)

4 Create a new user

Create a new user

1. To create a new user, click on New User/New Assignment in the User Management tab.
2. Select Single User to create an administrative user.
or a single Card User (Corporate Card)

(If you would like to create several Card Users (Corporate Card) via data import, please read on page 41.)

Create a new user – Step 1

The user creation takes place in 4 steps:

1. Enter the data for the new user:

- First Name
- Last Name
- E-mail address
- Gender

2. Click **Next**.

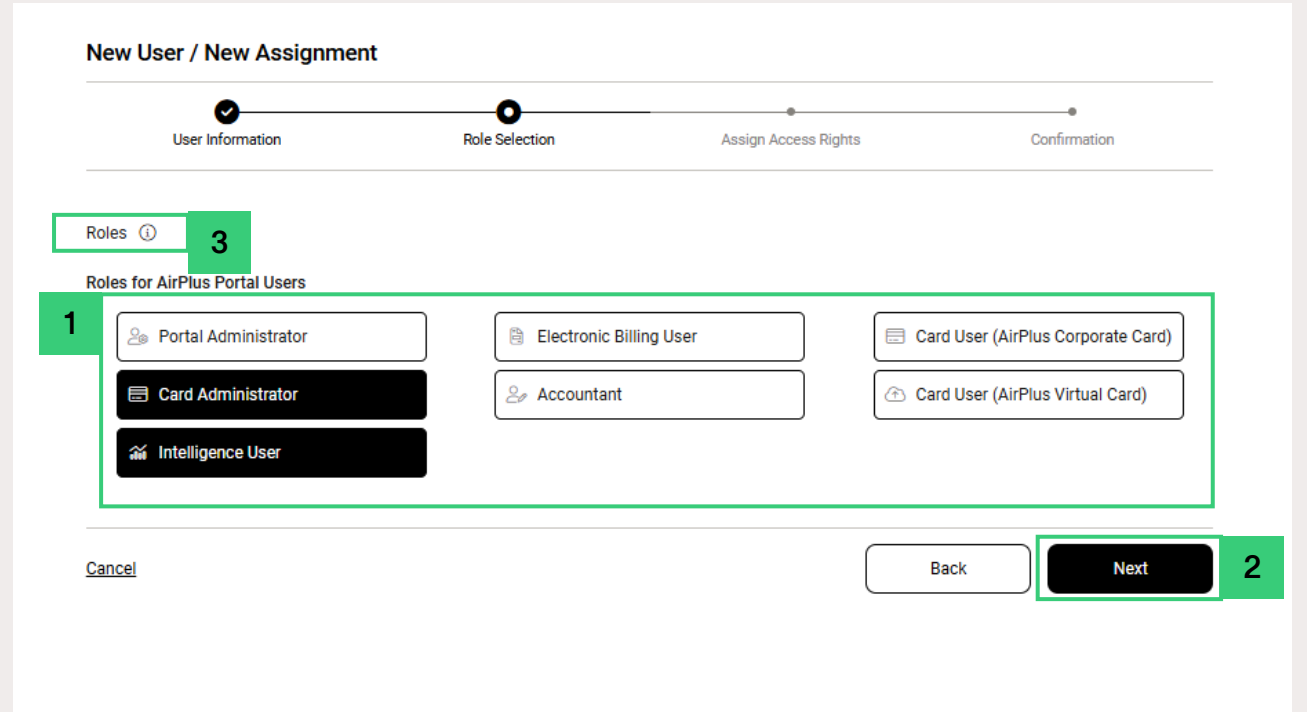

The screenshot shows the 'AirPlus Portal' interface. The top navigation bar includes 'Cards', 'Transactions', 'Statements', 'Electronic Billing', 'User Management' (selected), 'Frameworks', 'Disputes', and 'Reports'. The user is logged in as 'Tom Travelmanager' (Demo Company Travel Program Manager). The main content area is titled 'New User / New Assignment' and features a progress bar with four steps: 'User Information' (active), 'Role Selection', 'Assign Access Rights', and 'Confirmation'. A green box labeled '1' highlights the 'User Details' section, which contains four input fields: 'Name' (with a red asterisk), 'Last Name' (with a red asterisk), 'E-mail' (with a red asterisk), and 'Gender' (a dropdown menu with 'Select...' as the current selection). Below the form, there are 'Cancel' and 'Next' buttons. A green box labeled '2' highlights the 'Next' button.

Create a new user – Step 2

1. Select one or more of the predefined roles for the new user*. **1**
2. Click **Next**. **2**

 An overview of the roles can be found via the link **3** „Overview Roles & Rights“

* Assigning multiple roles in one step is only possible for administrative user roles.

The screenshot displays the 'New User / New Assignment' workflow. At the top, a progress bar indicates four steps: 'User Information' (completed with a checkmark), 'Role Selection' (current step with a circle), 'Assign Access Rights' (pending), and 'Confirmation' (pending). Below the progress bar, a 'Roles' tab is selected, marked with a green box and the number '3'. The main area, titled 'Roles for AirPlus Portal Users', contains a grid of role buttons. A green box with the number '1' highlights the first column of roles: 'Portal Administrator', 'Card Administrator' (highlighted in black), and 'Intelligence User' (highlighted in black). Other roles in the grid include 'Electronic Billing User', 'Accountant', 'Card User (AirPlus Corporate Card)', and 'Card User (AirPlus Virtual Card)'. At the bottom right, a 'Next' button is highlighted with a green box and the number '2', next to a 'Back' button. A 'Cancel' link is located at the bottom left.

Create a new user – Step 3

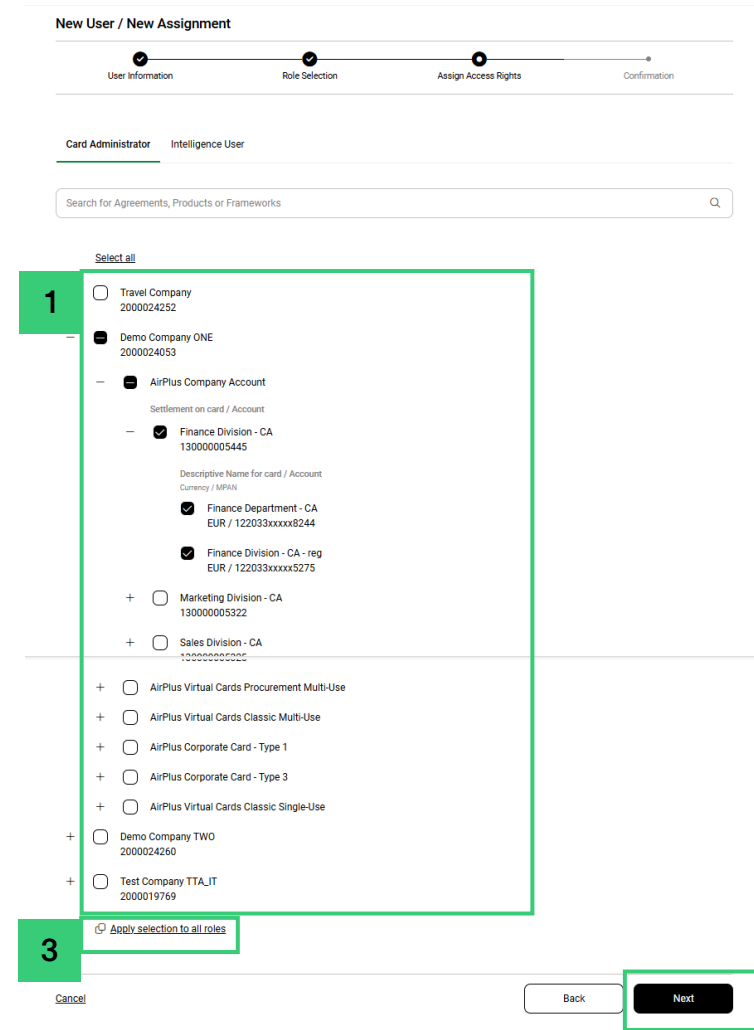

1 Assign to the user rights for each of his roles:

- on agreement level and/or
- product level and/or
- framework level and/or
- card/Account*

2 Click on **Next**.

 Help functions such as the transfer of same permissions to all roles are provided via the link: 'Apply selection to all roles'. 3

* Rights can only be assigned at card/Account level for the Card Administrator and Accountant role for lodged products.

The screenshot displays the 'New User / New Assignment' workflow. At the top, a progress bar shows four steps: 'User Information', 'Role Selection', 'Assign Access Rights', and 'Confirmation'. The 'Role Selection' step is currently active. Below the progress bar, there are two tabs: 'Card Administrator' (selected) and 'Intelligence User'. A search bar is present with the placeholder text 'Search for Agreements, Products or Frameworks'. The main content area lists various roles and accounts for selection. A green box highlights the 'Select all' link and the list of roles. The roles include 'Travel Company', 'Demo Company ONE', 'AirPlus Company Account', 'Finance Division - CA', 'Finance Department - CA', 'Finance Division - CA - reg', 'Marketing Division - CA', 'Sales Division - CA', 'AirPlus Virtual Cards Procurement Multi-Use', 'AirPlus Virtual Cards Classic Multi-Use', 'AirPlus Corporate Card - Type 1', 'AirPlus Corporate Card - Type 3', 'AirPlus Virtual Cards Classic Single-Use', 'Demo Company TWO', and 'Test Company TTA_IT'. At the bottom of the list, there is a link 'Apply selection to all roles'. Below the list, there are 'Cancel', 'Back', and 'Next' buttons. A green box highlights the 'Next' button, and a green box with the number '2' is next to it.

Create a new user – Step 4

Finally, you will receive an overview of your entries and can either change them again or **Confirm**.

After confirming the user creation, the new user will receive an **invitation email** from AirPlus with a link to the registration process.

Create a new user – Copy roles & rights

The permissions and roles of an administrative user can also be copied: both for existing users and for new users.

To do this, there is a submenu ‘**Copy roles & rights**’ in the action menu (3-dot icon) behind a user entry.

The screenshot displays the AirPlus user management interface. On the left, a sidebar shows a list of users under the 'Agreements' section, including 'All users', 'Demo Company ONE', 'Demo Company TWO', 'Hotel Merchant', 'Test Company TTA_IT', and 'Travel Company'. The main area shows a table of users with columns for Name, E-mail, Roles, and Creation Date. A user entry for 'Caroline Travelcardadministrator' is highlighted, and a 3-dot action menu is open, showing options like 'Deactivate', 'Create New Card', 'Assign Role to User', and 'Copy roles & rights'. The 'Copy roles & rights' option is selected. Below this, a 'Copy roles & rights' screen is shown with a progress bar indicating the steps: User Information, Role Selection, Assign Access Rights, and Confirmation. The 'User Information' step is active, showing options to 'Select an existing user or create a new user to assign copied roles and rights to'. The 'Existing User' option is selected, and a search bar is provided. At the bottom, there are 'Cancel', 'Back', and 'Next' buttons.

6 Manage users

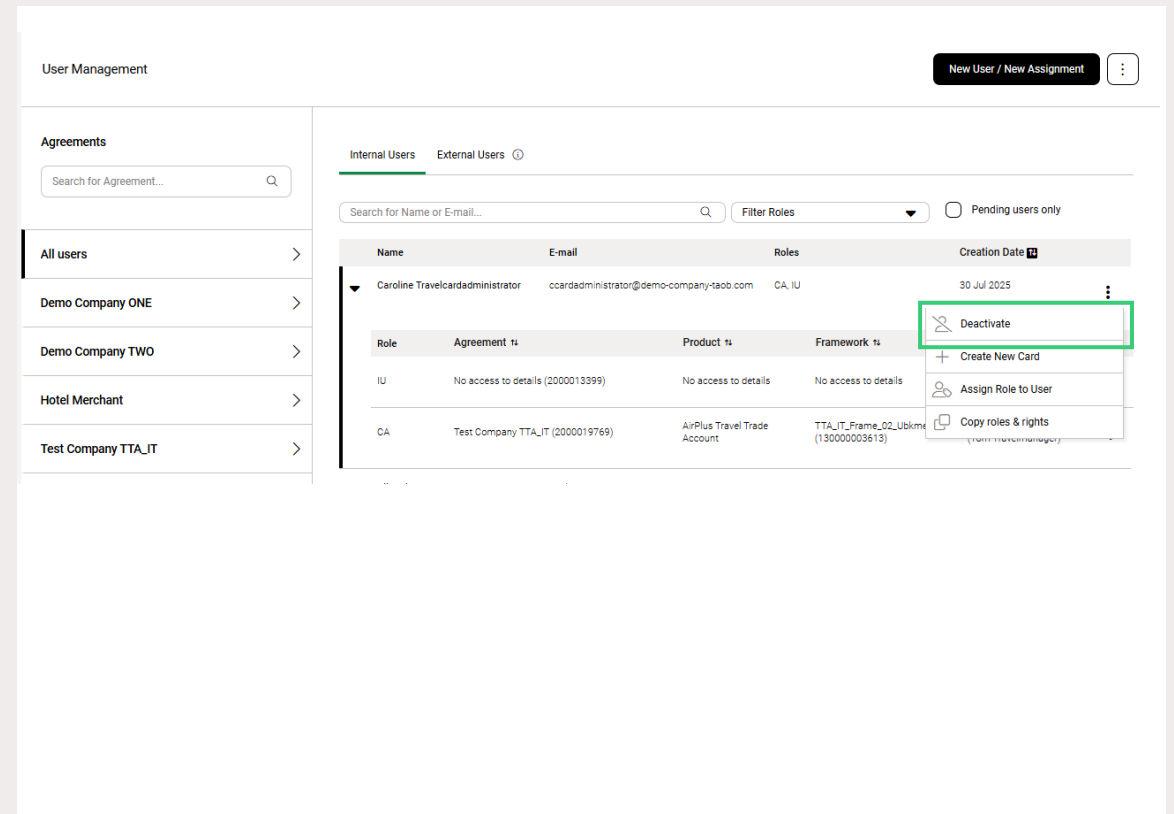

Manage users – Deactivation of portal users

- An administrative user can deactivate another portal user in the section **User Management**: the deactivated user can then no longer log in to the Portal and all authorizations and role assignments are removed.
- Under the menu  you find the functionality **Deactivate**.
- Subsequent reactivation is not possible. The user must be recreated.

Please note:

If you want to delete a user (e. g. when leaving the company), please contact **AirPlus Customer Service**:
portal@airplus.com

The screenshot displays the 'User Management' interface. On the left, there is a sidebar with a search bar for 'Agreements' and a list of categories: 'All users', 'Demo Company ONE', 'Demo Company TWO', 'Hotel Merchant', and 'Test Company TTA_IT'. The main area is titled 'User Management' and includes a 'New User / New Assignment' button. It features tabs for 'Internal Users' and 'External Users'. A search bar for 'Name or E-mail' and a 'Filter Roles' dropdown are present. A table lists users, with the first row highlighted. A context menu is open for the first user, showing options: 'Deactivate' (highlighted with a green box), 'Create New Card', 'Assign Role to User', and 'Copy roles & rights'.

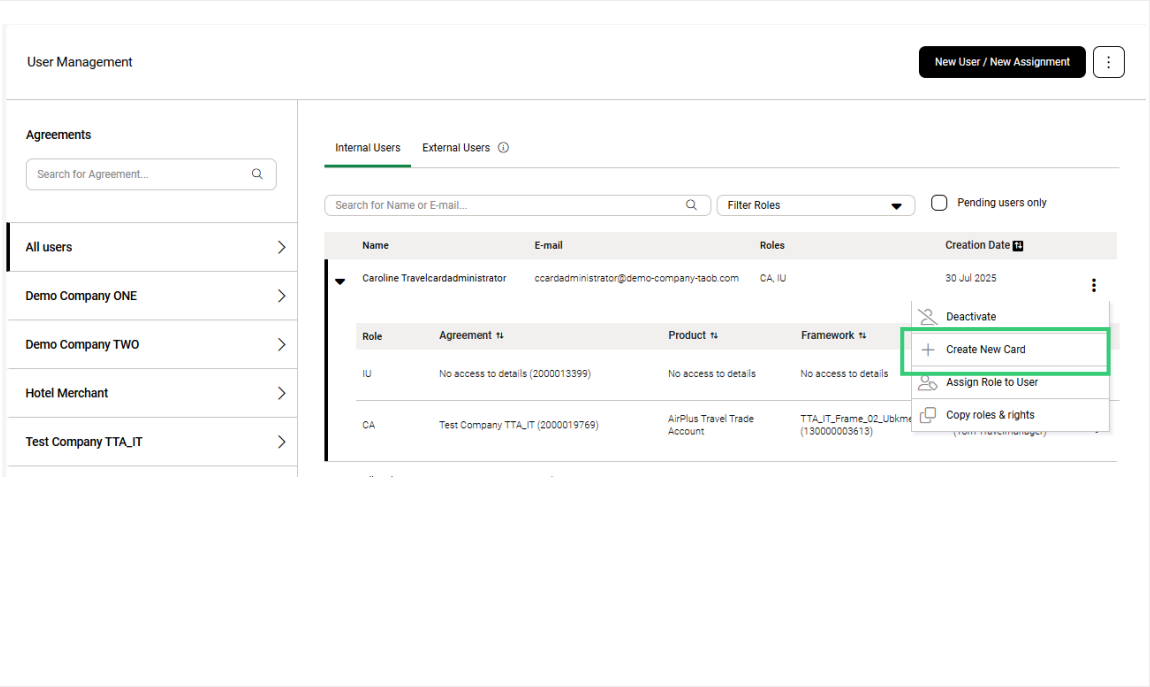

Name	E-mail	Roles	Creation Date
Caroline Travelcardadministrator	ccardadministrator@demo-company-taob.com	CA, IU	30 Jul 2025

Role	Agreement $\pm$	Product $\pm$	Framework $\pm$
IU	No access to details (2000013399)	No access to details	No access to details
CA	Test Company TTA_IT (2000019769)	AirPlus Travel Trade Account	TTA_IT_Frame_02_Ublkm (130000003613)

Manage users – Create a new card (Corporate Card)*

With the functionality **Create New Card** you can generate an AirPlus Corporate Card for an existing user.

1. Under the menu  you find the functionality, which guides you to the same process described on page 34 ff.

*This feature is not yet available to travel agencies “on behalf of a corporate customer.”

Manage users – Add further roles to a user

Existing users can also be assigned an additional role or removed from a role.

- For this purpose, the administrative user will find the submenu **Assign Role to User** behind a user in the tab **User Management** under the action items
- The process corresponds to the process shown on slides 18-21.

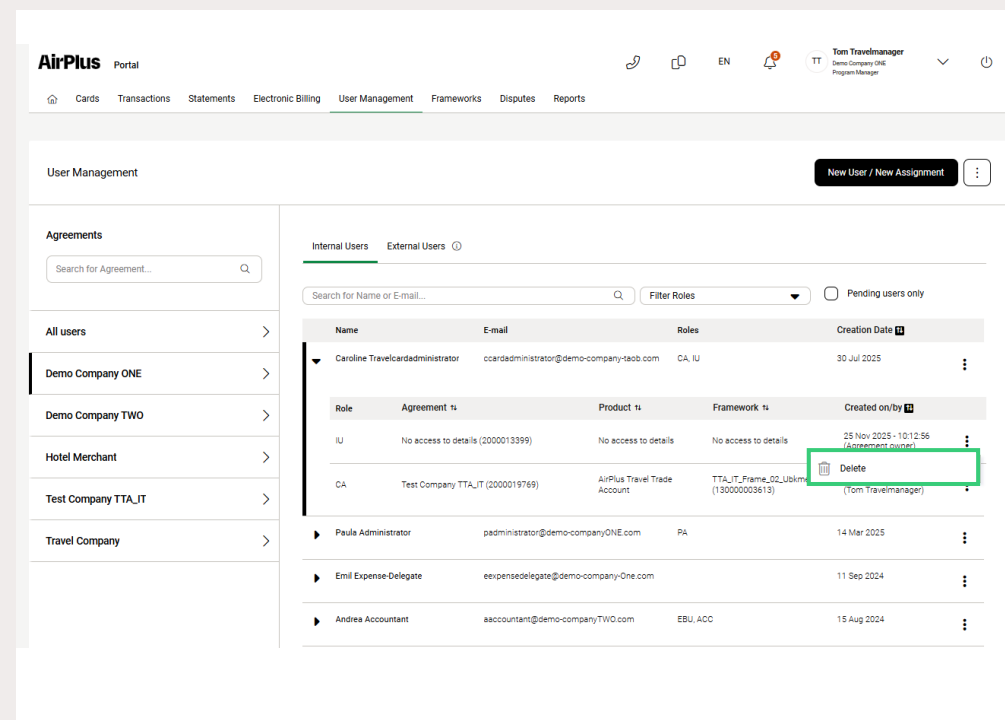

The screenshot displays the 'User Management' interface. On the left, a sidebar contains a search bar for 'Agreements' and a list of categories: 'All users', 'Demo Company ONE', 'Demo Company TWO', 'Hotel Merchant', and 'Test Company TTA_IT'. The main area is titled 'Internal Users' and features a search bar for 'Name or E-mail...', a 'Filter Roles' dropdown, and a 'Pending users only' checkbox. A table lists users, with the first entry being 'Caroline Travelcardadministrator'. A dropdown menu is open for this user, showing options: 'Deactivate', 'Create New Card', 'Assign Role to User' (highlighted with a green box), and 'Copy roles & rights'. Below the user name, a table shows the user's roles and associated agreements.

Role	Agreement ¹	Product ¹	Framework ¹
IU	No access to details (2000013399)	No access to details	No access to details
CA	Test Company TTA_IT (2000019769)	AirPlus Travel Trade Account	TTA_IT_Frame_02_Libkm (130000003613)

Manage users – Revocation of granted roles and rights

Under the tab **User Management**, administrative users can delete agreements, products, frameworks or cards/Accounts assigned to Portal users.

- Click on the symbol  behind an authorization and then on **Delete** (trash icon).

The screenshot displays the AirPlus Portal interface. The top navigation bar includes the AirPlus logo, a search icon, a document icon, the language 'EN', a notification bell, and the user profile 'Tom Travelmanager'. The main menu on the left lists various portal functions: Cards, Transactions, Statements, Electronic Billing, User Management (highlighted), Frameworks, Disputes, and Reports. The 'User Management' section is active, showing a 'New User / New Assignment' button. Below this, there are tabs for 'Internal Users' and 'External Users'. A search bar and a 'Filter Roles' dropdown are present. The main content area shows a table of users. The first user, 'Caroline Travelcardadministrator', is expanded to show a detailed view of their roles and rights. This view includes a table with columns for Role, Agreement, Product, Framework, and Created on/by. A 'Delete' button (trash icon) is highlighted in a green box next to the 'Test Company TTA_IT' entry. Other users listed include 'Paula Administrator', 'Emil Expense Delegate', and 'Andrea Accountant'.

Name	E-mail	Roles	Creation Date

7 Create a Card User (Corporate Card)

Create a Card User (Corporate Card) (1)

The roles Program Manager, Portal Administrator, Card Administrator can create Card Users for AirPlus Corporate Cards, i. e. initiate a card application.

Go to **User Management**, click on the **New User / New Assignment** button. After entering the user data, **1** select the **Card User (Corporate Card)** role. **2**

The image displays two screenshots of the 'User Management' interface, illustrating the steps to create a Card User.

Screenshot 1: New User / New Assignment - User Details

The top screenshot shows the 'New User / New Assignment' form. The 'User Information' step is active, indicated by a green circle and the number '1'. The form includes fields for Name, Last Name, E-mail, and Gender. The 'New User / New Assignment' button is highlighted in the top right corner.

Screenshot 2: New User / New Assignment - Role Selection

The bottom screenshot shows the 'Role Selection' step, indicated by a green circle and the number '2'. The 'Roles for AirPlus Portal Users' section lists several roles: Portal Administrator, Card Administrator, Intelligence User, Electronic Billing User, Accountant, Card User (AirPlus Corporate Card), and Card User (AirPlus Virtual Card). The 'Card User (AirPlus Corporate Card)' role is highlighted with a green box.

Create a Card User (Corporate Card) (2)

The next step is to select under which agreement, which framework and which AirPlus Corporate Card type, the new card holder should receive an AirPlus Corporate Card.

New User / New Assignment

Progress bar: User Information (checked), Role Selection (checked), Assign Access Rights (active), Set Card Parameters, Confirmation

Agreement: Demo Company ONE ▼

Product: AirPlus Corporate Card - Type 1 ▼

Framework: Procurement Division - CoCa T1-190000043803 ▼

[Cancel](#) [Back](#) [Next](#)

Create a Card User (Corporate Card) (3)

Furthermore, a card limit* and the Descriptive Billing Information (DBI) have to be entered, and a cash access profile has to be selected (if contractually provided).

* If a default limit is set on the framework and the entered card limit is not higher than the default limit.

Create a Card User (Corporate Card) (4)

The entries must be confirmed (Confirm).

- After confirming the process, the new Card User (Corporate Card) will receive an **invitation email** from AirPlus with a link to the **card application process**.
- Once the Card User (Corporate Card) completed the card application, the Program Manager or Portal Administrator will receive an **approval request** on the start page (box Confirm cards).
- However, this can be suppressed with the **pre-approval** in the last step of the user creation *.

The screenshot shows the 'Create Card User' interface for an AirPlus Corporate Card. At the top, a progress bar indicates four steps: 'USER AND ROLE', 'ASSIGN PRODUCT/Framework', 'SET CARD PARAMETERS', and 'CONFIRM'. The 'CONFIRM' step is currently active, marked with a person icon. Below the progress bar, a message states: 'Please confirm that all the details are correct:'. The confirmation details are organized into three sections, each with a table and an edit icon (pencil):

- Information about the user:**

Applicant	Karsten Sal-Test
E-mail	kcuc@airplus.com
Gender	Male
Role	Card User (AirPlus Corporate Card)
- Agreement selection:**

Agreement	STEAM-HSBC
Product	AirPlus Corporate Card - Type 2
Framework	Framework CoCa T2 - Mark Brown Company-220000013622
- Set Card Parameters:**

Set Limit	3000 GBP
Cost Centr	MAR123456
EmployeeID	DE12398

Below these sections is a checkbox labeled 'By sending out this card application to the mentioned cardholder, I hereby pre-approve the recipient to receive a Corporate Card with the above specified credit limit. I forego the option to give approval after the cardholder application is completed and returned. Please note - the application will proceed directly to processing after cardholder completes his/her section. This is an optional function.' The checkbox is checked. At the bottom right, there are two buttons: 'Back' and 'Confirm'. The 'Confirm' button is highlighted with a green border.

Create a Card User (Corporate Card) (5)

Please note:

If a Card User does not complete the card application **within 30 days**, the application will be deactivated.

Approval must be given within 30 days.
Certain countries offer different AirPlus Corporate Card types.

8 Create multiple Card User (Corporate Card) at once

Create multiple Card Users (Corporate Card) at once (1)*

Using a 'bulk user' procedure, several users with the role Card User (Corporate Card) can be created in one step.

The Program Manager, Portal Administrator or Card Administrator of a company with an AirPlus Corporate Card agreement can use the Bulk Upload.

For this, a **predefined excel spreadsheet** with user data can be uploaded via drag&drop.

Open the Multiple User Creation function located under
User Management > New User / New Assignment > Create Multiple Card Users (Corporate Card).

Create User

Select if you want to create single user or upload a list of users to create for Corporate Cards in bulk:

Single User

Creating Bulk Users
(only AirPlus Corporate Card)

Back

*This feature is not yet available to travel agencies "on behalf of a corporate customer."

Create multiple Card Users (Corporate Card) at once (2)

-
- Select the agreement, a product and a framework.
 - Click on **Next**.
-

Create Bulk Users (only Corporate Card)

Create multiple Card Users (Corporate Card) at once (3)

- Upload the excel file with the new Card Users. A template for the excel file is available for download.
 - A limit can be entered per Card User.
 - Descriptive Billing Information (cost center, personal number, etc.) can be entered per Card User.
- Click on **Next**.

The screenshot shows the 'Create Bulk Users (only Corporate Card)' form in the AirPlus portal. The form is divided into four steps: 1. ASSIGN PRODUCT/Framework, 2. UPLOAD AND SET CARD PARAMETERS, 3. LIST OF USERS, and 4. CONFIRM. The current step is 'UPLOAD AND SET CARD PARAMETERS'. The form includes a 'Cash Access' section with radio buttons for 'Cash withdrawal limit' and 'Do not allow cash withdrawals'. Below this, there is a message: 'Please upload the filled out excel-sheet with user information. Please note, that current limit of the excel sheet is 150 users per Excel.' A green box highlights a message: 'Please find the guidelines for the excel upload [here](#).' Below this is a large green box with a 'Drag & Drop' icon and the text 'your xlsx file here, or [browse](#)'. A note below the box states: 'The file size must not exceed 2 MB. Don't have the excel template yet? Get it here:'. A green box highlights a 'Download Template' button. At the bottom right, there are 'Back' and 'Next' buttons, with the 'Next' button highlighted by a green box.

Create multiple Card Users (Corporate Card) at once (4)

- The list of uploaded users is displayed again with the status: If there is an error in the specified format, the creation will be rejected.
- Click on **Next**.
- Select a card delivery option for the new cards – according to card type.
- Click on **Next**.
- Confirmation of the card application.

The screenshot displays two steps of the 'Create Bulk Users (only Corporate Card)' process. The first step, 'LIST OF USERS', shows a table with two users: Carl Trip and Hugo Traveller. The second step, 'SHIPPING ADDRESS', shows a confirmation screen for the shipping type 'Private Shipment'.

Step 1: List of Users

First Name	Last Name	E-mail	Gender	Limit	DBI 1	DBI 2	Status	Result Detail	Actions
Carl	Trip	ctrip@demo-company.TOW.com	Male	5000	UK468202		Approved		
Hugo	Traveller	htraveller@demo-company.TWO.com	Male	3000	DE123456		Approved		

Step 2: Shipping Address

For this Framework private shipment was chosen, which is applicable for every new card.

Company name: Demo Company TWO
Country: Germany
Shipment type: Private Shipment

Create multiple Card Users (Corporate Card) at once (5)

- The new Card Users (Corporate Card) are automatically informed by e-mail after the upload and can start the online card application process via a link.
- The status of the uploaded bulk card users and files can be viewed at any time via the Status of bulk user link on the **Cards** tab > **Card Status Management**.

The screenshot displays the 'Cards' section of the AirPlus portal. The top navigation bar includes 'Corporate Cards', 'Virtual Cards', and 'Lodged Products'. The main content area is divided into two panels. The left panel, titled 'Framework', lists three frameworks: 'Test CoCa T1 FW', 'Sales Division - CoCa T3', and 'Procurement Division - CoCa T1'. The right panel, titled 'Procurement Division - CoCa T1', shows a progress bar at 10%, an available balance of 2,950.00 EUR, and a limit of 30,000.00 EUR. Below this, a table lists cardholders, including John Clinton. A 'Card Status Management' link is highlighted in the top right corner.

The 'Card Status Management' page is shown below, featuring a 'Bulk Upload' button and a table of uploaded files. The table includes columns for 'First Name', 'Last Name', 'E-mail', 'Status', and 'Completed'. The file 'CreateBulkUserTemplateEN_2023-07-04.xlsx' is listed with a status of 'Success'.

First Name	Last Name	E-mail	Status	Completed
Carl	Trip	ctrip@demo-companyTOW.com	Success	✓
Hugo	Traveller	ht traveller@demo-companyTWO.com	Success	✓

9 Assigning rights to third-parties

Please note: A third-party can be an affiliate, a travel agency, a consultancy agency or other partners.

[↑ Back to the table of contents](#)

Assigning rights to users of third-parties* (1)

Certain functions can also be used by users from other companies. To do this, the Program Manager or Portal Administrator can transfer rights:

- The process is identical to that for creating a new user.
- When entering the user data, the first and last names and the e-mail address of an existing Portal user of a business partner must be entered.

Please note: Inform the program manager of the third party/partner in advance. The user must have created the user who is to receive a right in advance in his portal and provide you with the details of the user.

*This feature is not yet available to travel agencies "on behalf of a corporate customer."

Only the Intelligence User role can currently be assigned for access to third parties.

Assigning rights to users of third-parties (2)

The system recognizes that the User already exists under a third-party.

1. If the business partner information is correct, click Yes, assign role.
2. After assigning the rights, the user must confirm the data protection warning again.
3. The last step is to confirm the user creation.

 **Please note:** Inform the Program Manager of the third party/partner in advance. They must have created the user who is to be granted access rights in advance.

1

 Existing user found

You are about to grant access to a user outside of your access rights:

User: Terence Meyer

Agreement: SIT-DE-allProducts-231121-LvIryderghhj

Do you want to assign a role and access rights this user? ⓘ

[Yes, assign role](#)

[Cancel](#)

2

 Data privacy warning

The Third Party user will have access to (personal) data of selected parts of my organization. The Third Party user will be able to perform tasks conforming to the assigned user role.

[Ok, understood](#)

10 User lists

User lists (1)

A list of all users can be exported as excel file:
button Actions ⋮.

- Before downloading a user list from the AirPlus Portal, you have the option to exclude the Card User role. A popup can be used to choose between exporting
 - **all contacts (users)** -> including Card Users (Corporate Cards) and Card Users (Virtual Cards) or
 - **all assignments** -> excluding Card Users (Corporate Cards) and Card Users (Virtual Card).

User lists (2)

Example:

List of all portal users with role assignments (without Card User (Corporate Card) and Card User (Virtual Cards)).
